

Logistics Team Leader

A great opportunity to join a growing leading company to manage our Logistics & Dispatch team.

Key Responsibilities.

- Ensure smooth communication between Production & Dispatch to meet targets
- Work with transportation companies to ensure operational efficiency.
- Actively work with third party logistics providers to improve operational performance.
- Support and execute regulatory compliance audits.
- Ensure timely departure of all outbound shipment.
- Engage and motivate the team and provide clear prioritisation of tasks.
- Develop and implement training programme for all team members.
- Create and maintain system-based analysis and statistics, developing reports for data validation.
- Maintain and run KPI's to accurately measure and report on shipping performance.

Personal Specification of the Export Logistics Team Leader.

- Logistics, Transport & Shipping Experience.
- Knowledge of Regulations including IATA Compliance would be an advantage, although full training will be given.
- Experience of leading a team.
- Good working knowledge of MRP / ERP systems.
- Strong communication and influencing skills.

If you are interested in joining our team, we can offer many benefits:

- Salary range £25,000 – 28,000pa
- A dayshift working Monday to Friday
- 23 days holiday
- Discretionary company performance bonus
- Pension
- Qiii points reward scheme
- EAP benefit
- Great training and development opportunities
- Great social events, 'Treat' Tuesday and free fruit & refreshments
- Easily accessible by train, car or bus and free parking onsite.

This is an opportunity not to be missed to join a successful expanding business, soon to move into a new purpose-built building, with opportunities to grow and develop yourself.
